

Your Global Career Compass, The IIA's monthly e-newsletter, offers news and shares the latest career development resources and opportunities from The IIA. This month's issue provides resources on risks, leadership and ethics.

## News

### Learn How Internal Audit Can Influence Geopolitics

The debut issue of a new thought-leadership series explores key considerations for internal audit in addressing geopolitical risks to organizations. *Grappling with Geopolitics* will help you understand the impact economics, war, and conflict have on the price of oil, how it all impacts internal audit, and how to use the knowledge in the performance of your daily tasks. [Download your copy today](#) in English, French, Indonesian, or Spanish.

### Who Represents a Bright Future for the Profession?

The quest for tomorrow's internal audit leaders is on. [Internal Auditor](#) magazine will recognize up-and-coming internal audit professionals in its December issue showcase feature, "2015 Emerging Leaders." Do you know a high-performing internal auditor who possesses the qualities to become a thought leader in the industry? Acknowledge their dedication and nominate them by June 30. [Learn more.](#)

### Write for *Internal Auditor*

Have you found a new way to audit a high-risk area or to meet your stakeholders' ever increasing needs? Can your "how-tos" help a colleague guide a new audit function down the right path? Share your knowledge in [Internal Auditor](#) magazine and maybe you can add "published author" to your CV.
